# Bay County Transportation Planning Organization
# Federally Obligated Projects List for Fiscal Year 2026

**Prepared for**

**Prepared by and staff to the Bay County TPO**

**October 19, 2026**

**Staff Contact**
**Gary Kramer, Transportation Planner IV**
gary.kramer@ecrc.org

**Purpose of this Report:**

The Infrastructure Investment and Jobs Act (IIJ Act) transportation legislation enacted by Congress in November 2021 requires an annual listing of obligated projects{23CFR 450.334} (a) In metropolitan planning areas, on an annual basis, not later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were Obligated in the preceding program year. (b) The listing shall be prepared in accordance with 450.314(a) and shall include all federally funded projects authorized or revised to increase obligations in the preceding program year, and shall at a minimum include the TIP information under 450.326(g)(1) and (4) and identify for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year and the Federal funding remaining and available for subsequent years. (c) The listing shall be published or otherwise made available in accordance with the MPO's public participation criteria.

The purpose of this report is to report on Federal funding obligations in the Bay County Transportation Planning Organization (TPO) that took place within the planning area during Fiscal Year (FY) 2025-2026, which covers October 1, 2025 to September 30, 2026. The Federal Highway Administration (FHWA) defines "obligation" as "the federal government's promise to pay a State for the Federal share of a project's eligible cost." Obligated projects were not necessarily initiated or completed during this year. The obligated amounts reflected in this report also may not be equal to the final project cost.

**Background**

Federal Law requires states and local governments to conduct cooperative, comprehensive, and continuing ("3-C") transportation planning to receive federal funds for highway and transit improvements. and an interlocal agreement in 1981, following the 1980 Census. The TPO Planning Area includes all of Bay County. The current interlocal agreement was approved on February 15, 2015 (Resolution Bay 15-02). Apportionment of membership was approved by the TPO on June 26, 2013. An updated apportionment of membership was approved by the TPO on August 2, 2023,

submitted and approved by the governor on August 8, 2024. However, the board membership and composition did not change.

According to Section 339.175, Florida Statutes, TPO board members shall be local elected officials. The current membership of the Bay County TPO is made up of:

- Five (5) members from Bay County Commission
- Five (5) members from Panama City Commission
- Two (2) members from Callaway City Commission
- Two (2) members from Panama City Beach City Commission
- Two (2) members from Lynn Haven City Commission
- One (1) member from Parker City Commission
- One (1) member from Springfield City Commission
- One (1) member from Mexico Beach City Commission

The Emerald Coast Regional Council (ECRC) provides the designated professional staff to the Bay County TPO and performs the work required to maintain the continuing, cooperative and comprehensive (3-C) planning process. The ECRC serves seven (7) counties and is unique in its role in staffing three (3) separate TPOs (MPOs) in West Florida. A staff services agreement between the Bay County TPO and the ECRC, originally established in August 1981 establishes this staffing arrangement.

This report contains the following information: Florida Department of Transportation's Annual Obligations Report, and Public Transportation's Annual Obligations Report.
