Florida-Alabama Transportation Planning Organization
Federally Obligated Projects List for Fiscal Year 2026

Florida-Alabama TPO
Transportation Planning Organization

Prepared for

FDOT

ALABAMA DEPARTMENT OF TRANSPORTATION

Prepared by and staff to the Florida-Alabama TPO

EMERALD COAST REGIONAL COUNCIL

October 19, 2026

Staff Contact
Gary Kramer, Transportation Planner IV
gary.kramer@ecrc.org

Purpose of this Report:

The Infrastructure Investment and Jobs Act (IIJ Act) transportation legislation enacted by Congress in November 2021 requires an annual listing of obligated projects{23CFR 450.334} (a) In metropolitan planning areas, on an annual basis, not later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were Obligated in the preceding program year. (b) The listing shall be prepared in accordance with 450.314(a) and shall include all federally funded projects authorized or revised to increase obligations in the preceding program year, and shall at a minimum include the TIP information under 450.326(g)(1) and (4) and identify for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year and the Federal funding remaining and available for subsequent years. (c) The listing shall be published or otherwise made available in accordance with the MPO's public participation criteria.

The purpose of this report is to report on Federal funding obligations in the Florida-Alabama Transportation Planning Organization (TPO) that took place within the planning area during Fiscal Year (FY) 2025-2026, which covers October 1, 2025 to September 30, 2026. The Federal Highway Administration (FHWA) defines "obligation" as "the federal government's promise to pay a State for the Federal share of a project's eligible cost." Obligated projects were not necessarily initiated or completed during this year. The obligated amounts reflected in this report also may not be equal to the final project cost.

Background

Federal Law requires states and local governments to conduct cooperative, comprehensive, and continuing ("3-C") transportation planning to receive federal funds for highway and transit improvements. The Florida-Alabama TPO was established by designation of the governor through an interlocal agreement in 1977. An amendment in 1998 expanded membership to include all five (5) county commissioners from Santa Rosa County, providing equitable population and geographic representation on the TPO. Apportionment of membership was reviewed in 2013

following the 2010 Census. Representation from Orange Beach, Alabama was added. This membership apportionment was approved by the Florida governor on June 12, 2013 and accepted by the Alabama governor on December 11, 2013. The interlocal agreement was updated in 2015. An updated apportionment of membership was approved by the TPO on August 9, 2023, submitted to and approved by the Florida governor on August 8, 2024 and accepted by the Alabama Department of Transportation on August 26, 2024. However, the board membership and composition did not change.

According to Section 339.175, Florida Statutes, TPO board members shall be local elected officials. The current membership of the Florida-Alabama TPO is made up of:

- Five (5) members from Escambia County Commission
- Five (5) members from Pensacola City Council
- Five (5) members from Santa Rosa County Commission
- One (1) member from Gulf Breeze City Council
- One (1) member from Milton City Council
- One (1) member from Baldwin County Commission
- One (1) member from Orange Beach City Council

The Emerald Coast Regional Council (ECRC) provides the designated professional staff to the Florida-Alabama TPO and performs the work required to maintain the continuing, cooperative and comprehensive (3-C) planning process. The ECRC serves seven (7) counties and is unique in its role in staffing three (3) separate TPOs (MPOs) in Northwest Florida. A staff services agreement between the Florida-Alabama TPO and the ECRC, effective on January 12, 2015, establishes this staffing arrangement.

This report contains the following information: Florida Department of Transportation's Annual Obligations Report, Alabama Department of Transportation's Annual Obligations Report, and Public Transportation's Annual Obligations Report.
