

FY 2028 - FY 2032 Bay County TPO

Multi-Modal Project Priorities

Prepared for

The Florida Department of Transportation, District Three

Prepared by

**Emerald Coast Regional Council
Staff to the Bay County Transportation Planning Organization**

Draft: March 2, 2026

This report was financed in part by the U.S. Department of Transportation, the Federal Highway Administration, the Florida Department of Transportation, and local participating governments, in partial fulfillment of UPWP Work Task 4. This document does not necessarily reflect the official reviews or policies of the U.S. Department of Transportation.

Table 8: FY 28-32 SUN Trail Project Priorities Bay County TPO

Priority	FDOT WP#	Project	Limits	Description	Phases
1	4456012	Tyndall AFB - Sun Trail Network	Crooked Sound Dr. to Drone Recovery Road	Project will connect SR30 (US98) Multi-Use Path from Crooked Sound Dr to Drone Recovery Road. The Project will extend the Sun Trail 2.5 miles and bring Tyndall AFB into the Sun Trail System.	PE Funded 2026 CST
2	NA	Panama City Sun Trail Program - Phase 2	Intersection of Michigan Ave. and Bay Line Railroad to Southeast of Jenks Ave. & W. 14th St. at the intersection of the Bay Line Railroad tracks.	This 4.13 mile trail is Phase 2 of a multi-phase trail network spanning throughout Panama City. The phase we are requesting funding for begins at the intersection of Michigan Ave. and the Bay Line Railroad tracks and follows the railroad tracks until ending just before the intersection with Jenks Avenue. An additional separate section of Phase 2 begins at the intersection of W. 6th St. and W. Beach Dr. and continues directly north until W. 11th St. The trail then curves right before intersecting with the Bay Line Railroad. This segment will connect to the W. Beach Dr. Multiuse Trail.	PE and CST
3	4552611	Panama City Sun Trail Program - Phase 3	Intersection of Pacifica Ave. & Frankford Ave. to Intersection of West Beach Dr. & Frankford Ave.	This 3.17 mile trail is Phase 3 of a multi-phase trail network spanning throughout Panama City. The phase we are requesting funding for begins at the intersection of Frankford Ave. and Pacifica Ave. and proceeds directly south along Frankford Ave. before terminating at W. Beach Dr.	Portion from Pacifica to SR 390 has PE funded in 2027 and CST funded in 2030. SR 390 to Beach Drive is unfunded.
4	NA	Panama City Sun Trail Program - Phase 1	East end of Hathaway Bridge to Intersection of Bay Line Railroad and Michigan Ave.	This 1.57 mile trail is Phase 1 of a multi-phase trail network spanning throughout Panama City. The phase we are requesting funding for begins at the east end of the Hathaway Bridge and terminates at the intersection of the Bay Line Railroad tracks and Michigan Ave.	PE and CST
5	NA	Panama City Sun Trail Program - Phase 4	Intersection of Bayview Ave. & W. 11th St. to Intersection of Frankford Ave. & W. 11th St.	This 0.62 mile trail is Phase 4 of a multi-phase trail network spanning throughout Panama City. The phase we are requesting funding for begins at the intersection of Bayview Ave. and W. 11th St. and continues east on W. 11th St. before terminating at the Frankford Ave. intersection.	PE and CST
6	NA	Panama City Sun Trail Program - Phase 5	Intersection of Cherry St. & Harris Ave. to Intersection of East 11th St. & MLK Blvd.	This 1.97 mile trail is Phase 5 of a multi-phase trail network spanning throughout Panama City. The phase we are requesting funding for begins at the intersection of Cherry St. & Harris Ave. before turning east on 3rd St. and then north on N. Bonita Ave. The route then turns east on Lapaloma Terrace, follows E. 7th St., and continues north on N. Cove Blvd. before terminating on E. 11th St.	PE and CST
7	NA	Panama City Sun Trail Program - Phase 6	MLK Blvd. & E. 11th St. to roughly 800 ft before the intersection of US 231 & Ormond Ave.	This 4.41 mile trail is Phase 6 of a multi-phase trail network spanning all throughout Panama City. The phase requested for funding for begins at the intersection of MLK Blvd. & E. 11th St. & E. 11th St. going east before turning north on N. East Avenue. The route then turns northeast once reaching US 231 and follows the road until terminating roughly 800 ft before the intersection of US 231 & Ormond Ave.	PE and CST

PE - Preliminary Engineering (Design)
 ROW - Right-of-Way
 CST - Construction
